

### FacilicorpNB Has New Board Chair

**Saint John – February 18, 2013** – Marcus Goddard is the new Chair of the Board of Directors for FacilicorpNB, the New Brunswick health system's shared services agency. Mr. Goddard was unanimously voted as Chair by Board members to succeed to Roxanne Fairweather, who had been chairing the Board of Directors since it was established, in 2008.

"My ever-increasing professional obligations have regretfully forced me to leave my position as Chair of FacilicorpNB", explained the outgoing chair. "I will, however, be remaining as a Board member in order to ensure a smooth transition and because I believe in this organization and in the significance of its contribution for the future of our health system."

The new Chair, Marcus Goddard, is a business man from Rothesay, New Brunswick. "I wish to thank Mrs. Fairweather for her outstanding contribution to FacilicorpNB over the past four years", M. Goddard said. "I accept this mandate with excitement, as I will be supported by a competent Board and a team of managers and employees who are dedicated to improving our health system."

FacilicorpNB is a New Brunswick government agency responsible for managing selected non-clinical services on behalf of the Province's health system. This includes Information Services, the Supply Chain, Laundry Services and Clinical Engineering Services that are provided to both Regional Health Authorities.
